Department of  
Environmental  
Conservation

# COLONEL WILLIAM F. FOX MEMORIAL SARATOGA TREE NURSERY

Tree and Shrub Seedlings for  
Planting in New York State

## 2024

January 2–May 10

### Trees and Shrubs...

- Improve air and water quality
- Stabilize streambanks
- Create windbreaks and conserve energy
- Reforest idle land
- Produce wood products
- Produce wildlife food and cover
- Improve aesthetic value of the landscape

[www.dec.ny.gov/animals/9395.html](http://www.dec.ny.gov/animals/9395.html)

The Department of Environmental Conservation operates the State Tree Nursery in Saratoga Springs. The nursery produces tree and shrub seedlings for conservation plantings on private and public lands using New York seed sources when available. The sale is open to New York residents and residents of bordering states.

## Seedling Sale Information

See our website at [www.dec.ny.gov/animals/9395.html](http://www.dec.ny.gov/animals/9395.html) for species descriptions and availability, pictures, and order forms.

Before ordering, consider specific space requirements for each type of tree:

Species	Spacing in Feet	Trees/Acre
Wildlife	6 x 6	1,210
Conifer	8 x 8	680
Hardwood	12 x 12	300

For Christmas tree planting, allow enough distance between rows to accommodate two to three feet of growth plus the width of mowing equipment.

## How to Order

### By Phone:

Call (518) 587-1120, Monday–Friday, 8 AM to 4 PM to place your order. (This is the best way to get the latest species availability information and to get your order in sooner.)

We will mail you an invoice, which must be signed and returned within 10 days along with a check or money order. **DO NOT SEND CASH.**

### By Mail:

Complete the order form on our website at: [www.dec.ny.gov/animals/9395.html](http://www.dec.ny.gov/animals/9395.html)

Mail to:

NYSDEC Tree Nursery  
2369 Route 50 S  
Saratoga Springs, NY 12866-4771

**Do not send payment at this time.** We will send you an invoice once your order form has been processed.

Orders are filled in the order they are received. Species sell out quickly, so order early.

**Bulk Discount:** Order 1,000 or more seedlings of one species (if available) and receive a 10% discount for that line item. **Does not apply to units of 250**

## Icon Key

### Pollinator Pros

Native plants that support pollinators

### Baby Bird Feeders

Native plants that support a large variety of insects—96% of our songbirds rely on insect larvae to feed their young

## Getting Your Seedlings

Please choose one of the following shipping/pick-up options when placing your order:

1. In-person: Pick up your order at the Saratoga Tree Nursery, located just south of Saratoga Springs on Route 50, approximately 30 miles north of Albany.
2. Designated pick-up: For a fee, seedlings are shipped to specific locations, like DEC regional offices, where customers can pick up their orders. Dates and locations are determined in early April. **Do not choose this option if you need delivery by or on a specific date. Orders must be placed by March 27, 2024 for this option.**
3. FedEx delivery: Fee per order: \$25.00, or \$5.00 plus 20% of the total bill, whichever is higher. (The nursery is not responsible for the condition of seedlings once they have left the nursery.)

Orders placed after May 1 must be picked up at the nursery.

Seedlings are shipped/available for pick-up mid-April through early May, weather depending. You will be notified by mail/email when your order is ready.

Seedlings should be planted as soon as possible. Until planted, keep seedlings cool and out of direct sunlight. Don't let their roots dry out.

For **technical advice only** on your planting project, contact your regional forestry office ([www.dec.ny.gov/about/558.html](http://www.dec.ny.gov/about/558.html)), or call the nursery office at (518) 581-1439, Monday–Friday, 8 AM to 4 PM.
