Division of Materials Management

## FOOD SCRAP RECYCLERS

### Food Donation and Food Scraps Recycling Law

The Environmental Conservation Law Section 27-2211(1) requires the Department to publish a list of organics recyclers that manage source-separated organics. The information provided in the following fulfills that requirement. The information provided reflects current records of the Department, however, data changes may occur each business day. The following list was compiled to assist large businesses and institutions in identifying facilities across the state that offer food scraps recycling services. This is not an endorsement of the following companies or guarantee of food scraps recycling services.

Note: If you are an organics recycler, not listed below, that offers food scraps recycling services for large businesses, please contact [FoodScrapsLaw@dec.ny.gov](mailto:FoodScrapsLaw@dec.ny.gov).
