NEW YORK STATE
DEPARTMENT OF ENVIRONMENTAL
CONSERVATION (NYSDEC)

SPDES GENERAL PERMIT
FOR STORMWATER DISCHARGES

From

CONSTRUCTION ACTIVITY

Permit No. GP-0-25-001

Construction General Permit (CGP)

Issued Pursuant to Article 17, Titles 7, 8 and Article 70
of the Environmental Conservation Law

Context

Department of Environmental Conservation (DEC)

- <https://dec.ny.gov/about>

About DEC

The New York State Department of Environmental Conservation (DEC) was created on July 1, 1970 to combine all state programs designed to protect and enhance the environment into a single agency.

DEC is headed by a commissioner, who is assisted by executive managers. The department has 24 divisions and offices and is further organized into bureaus to fulfill the functions and regulations established by Title 6 of New York Codes, Rules and Regulations (6NYCRR). Some programs are also governed by federal law.

Context

SPDES (NPDES) & ECL

- <https://dec.ny.gov/regulatory/permits-licenses/wastewater-stormwater-water-withdrawal/spdes-permit-program>

State Pollutant Discharge Elimination System (SPDES) Permit Program

New York is rich in surface and groundwater resources. [Article 17](#) titled "Water Pollution Control" of the [6 NYCRR PART 750 Environmental Conservation Law \(ECL\)](#) was enacted to protect and maintain these valuable resources. Article 17 authorized creation of the State Pollutant Discharge Elimination System (SPDES) program to maintain New York's waters with reasonable standards of purity.

New York's SPDES program has been approved by the United States Environmental Protection Agency for the control of surface wastewater and stormwater discharges in accordance with the Clean Water Act; however, the SPDES program is broader in scope than that required by the Clean Water Act as it controls point source discharges to groundwaters as well as surface waters.

Context

SPDES (NPDES) & ECL

- <https://www.epa.gov/npdes>

National Pollutant Discharge Elimination System (NPDES)

What is NPDES?

The NPDES permit program addresses water pollution by regulating point sources that discharge pollutants to waters of the United States.

Created in 1972 by the Clean Water Act, the NPDES permit program is authorized to state governments by EPA to perform many permitting, administrative, and enforcement aspects of the program.

Context

Stormwater

- <https://dec.ny.gov/environmental-protection/water/water-quality/stormwater>

Stormwater

DEC has three (3) SPDES General Permits for Stormwater Discharges:

- Multi-Sector General Permit (MSGP)
- Municipal Separate Storm Sewer Systems (MS4) General Permit
- Construction General Permit (CGP)

Context

Stormwater

- <https://dec.ny.gov/environmental-protection/water/water-quality/stormwater>

Stormwater

What is stormwater?

Stormwater is water from rain or melting snow that doesn't soak into the ground but runs off into waterways. It flows from rooftops, over paved areas and bare soil, and through sloped lawns while picking up a variety of materials on its way. The quality of runoff is affected by a variety of factors and depends on the season, local meteorology, geography, and land use.

What's the Problem

As it flows, stormwater runoff collects and transports pollutants to surface waters. Although the amount of pollutants from a single residential, commercial, industrial, or construction site may seem unimportant, the combined concentrations of contaminants threaten our lakes, rivers, wetlands, and other

CGP Basics

When is the CGP applicable?

- Soil disturbance

Image Source:
<https://sesslerwrecking.com/projects/site-preparation-projects/153-acres-of-construction-ready-land/>

What does the CGP protect?

- Water quality

Image Source:
<https://content.ces.ncsu.edu/soils-and-water-quality>

CGP Basics

The major CGP requirement: Stormwater Pollution Prevention Plan (SWPPP)

- Temporary* Controls

Image Source:
<https://www.aspent.com/products/silt-fence/>

- Permanent Controls

Image Source:
https://west-consultants.com/media/core/img/photo/Stormwater_Retention_in_Parking_Lot_Lake_Junaluska_2.900x500.JPG

*Generally temporary, occasionally permanent

“The CGP is a DEC SPDES permit applicable to soil disturbing activity that protects water quality by requiring pollution prevention planning and controls.”

Stormwater Permit For Construction Activity

Frequently Asked Questions
About Permit Requirements of the SPDES General Permit (GP-02-01) for
Stormwater Discharges from Construction Activities

The document needs to be updated, but many FAQs still apply.

For example:

4. Does a construction activity that discharges to a combined sewer require coverage under GP-02-01?

A: No, discharges to combined sewers do not require coverage under GP-02-01.

Stormwater Permit for Construction Activity webpage

“CGP webpage”

Stormwater Permit For Construction Activity

Summary of GP-0-25-001 as it Relates to Construction Activity on Agricultural Property

Excerpts:

- Coverage under the CGP (or under an individual SPDES permit)
 - Not required for:
 - *Construction activities* that meet 40 CFR Section 122.3(e)
 - This includes stormwater discharges from the cultivation of crops.

- 2025 CGP – Preface (p. 2)
 - CWA, 40 CFR, NPDES, SPDES, ECL, 6 NYCRR
 - Coverage required before disturbing soil
 - Appendix A: abbreviations and definitions for italicized words

PREFACE

Pursuant to Section 402 of the Clean Water Act (CWA), and 40 CFR 122.26(b)(14)(x), (15)(i), and (15)(ii), *stormwater discharges* from certain *construction activities* are unlawful unless they are authorized by a National Pollutant Discharge Elimination System (NPDES) permit or by a state permit program. New York State administers the approved State Pollutant Discharge Elimination System (SPDES) program with permits issued in accordance with the New York State Environmental Conservation Law (ECL) Article 17, Titles 7 and 8, and Article 70, as well as 6 NYCRR Parts 621 and 750.

Construction activities constitute construction of a *point source* and, therefore, pursuant to ECL sections 17-0505, 17-0701, and 17-0803, the *owner or operator* must have coverage under a SPDES permit prior to *commencement of construction activities*. The *owner or operator* cannot wait until there is an actual *discharge* from the *construction site* to obtain permit coverage.

***Note:** The italicized words/phrases within this permit are defined in Appendix A.

Tip: as you read through the 2025 CGP, take the time to read the definitions (in Appendix A) of italicized words as they appear in context.

2025 CGP walk through

- 2025 CGP – Preface (p. 2) & Appendix A
 - For example, the preface mentions “*Construction activities*”
 - Appendix A definition:

Construction Activity(ies) – identified within 40 CFR 122.26(b)(14)(x), 122.26(b)(15)(i), and 122.26(b)(15)(ii), any clearing, grading, excavation, filling, demolition or stockpiling activities that result in soil disturbance. Clearing activities can include, but are not limited to, mechanized logging equipment operation, the cutting and skidding of trees, stump removal and/or brush root removal.

Construction activity does not include routine maintenance that is performed to maintain the original line and grade, hydraulic capacity, or original purpose of a facility, which is excluded from the calculation of the soil disturbance for a project. Routine maintenance includes, but is not limited to:

2025 CGP walk through

- 2025 CGP – Part I. (p. 5)

Part I. How to Obtain Coverage and General Requirements

To be covered under this permit, the *owner or operator* must meet all eligibility requirements in Part I.A. and follow the requirements for obtaining permit coverage in Part I.D., F., or G.

2025 CGP walk through

- 2025 CGP – Part I.A. Eligibility Requirements (p. 5-8)

A. Eligibility Requirements

For a *common plan of development or sale*, the *phase(s)* that meet the eligibility requirements in Part I.A. may obtain coverage under this permit even if other *phase(s)* of the same *common plan of development or sale* do not meet the eligibility requirements and require an individual SPDES permit.

- **Reminder: see the Appendix A definitions of italicized terms. Note that “*phase*” is a newly defined term in GP-0-25-001.**
- **Reminder: see also the GP-0-25-001 Responsiveness Summary section by section.**

2025 CGP walk through

- 2025 CGP – Part I.A. Eligibility Requirements (p. 5-8) & Appendix A

- Appendix A:

Common Plan of Development or Sale – a contiguous area where multiple separate and distinct *construction activities* are occurring, or may occur, under one plan. The “common plan” of development or sale is broadly defined as any announcement or piece of documentation (including a sign, public notice or hearing, marketing plan, advertisement, drawing, permit application, State Environmental Quality Review Act (SEQR) environmental assessment form or other documents, zoning request, computer design, etc.) or physical demarcation (including boundary signs, lot stakes, surveyor markings, etc.) indicating *construction activities* may occur on a specific plot. A *common plan of development or sale* is comprised of two or more *phases*.

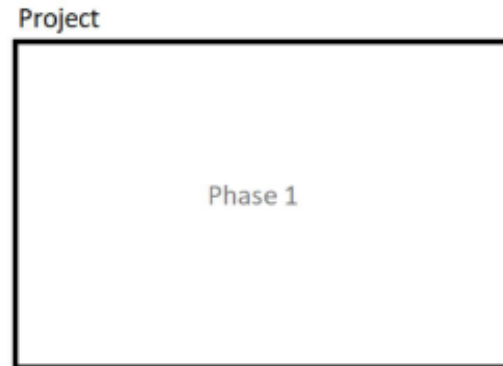

Common plan of development or sale does not include separate and distinct *construction activities* that are occurring, or may occur, under one plan that are at least 1/4 mile apart provided any interconnecting road, pipeline or utility project that is part of the same “common plan” is not concurrently being disturbed.

Phase – a defined area in which *construction activities* are occurring or will occur separate from other defined area(s).

Tip: see the GP-0-25-001 Fact Sheet for examples.

2025 CGP walk through

- 2025 CGP – Part I.A. Eligibility Requirements (p. 5-8) & Appendix A
 - GP-0-25-001 Fact Sheet – Appendix A – Phase
 - Phase
 - Example 1: A project that is not a common plan of development or sale proposes to develop 12 acres total. The first, and only, phase is the 12 acres of disturbance to complete the project. See the diagram below that illustrates the concept.
 - Example 1 Diagram:

Note: Example 1 applies to GP-0-25-001 Part I.D.1.a.

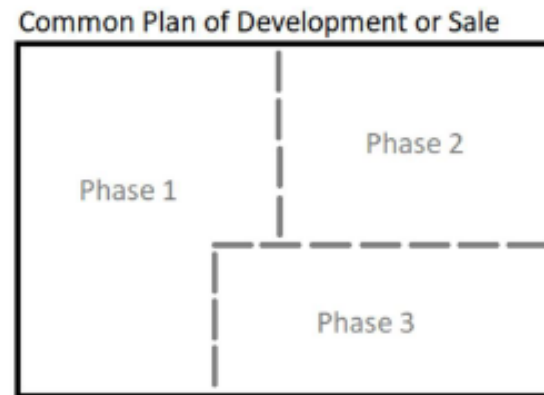

2025 CGP walk through

- 2025 CGP – Part I.A. Eligibility Requirements (p. 5-8) & Appendix A
 - GP-0-25-001 Fact Sheet – Appendix A – Phase

- Phase

- Example 2: A project that is a common plan of development or sale proposes to develop 12 acres total. Phase 1 is five acres of the total 12 acres. Phase 2 is an additional four acres of the total 12 acres. Phase 3 is the remaining three acres of the total 12 acres. See the diagram below that illustrates the concept.

- Example 2 Diagram:

Note: Example 2 applies to GP-0-25-001 Part I.D.1.b. or c.

2025 CGP walk through

- 2025 CGP – Part I.A. Eligibility Requirements (p. 5-8)
 - GP-0-25-001 Responsiveness Summary Part I.A., Comment #9 and Response #9:

Part I.A.

- **Comment #9:** The Draft CGP should clarify that for linear and large projects, a CGP can be used to permit discharges from some portion(s) of the linear and/or large project while an individual SPDES permit can also be used to permit discharges from other portion(s) of the project that may not meet all of the CGP eligibility requirements. **(22)**
 - Response #9: In response to this comment, a change was made to GP-0-25-001. A sentence was added to Part I.A. to clarify that separate phase(s) of a common plan of development or sale may be eligible under GP-0-25-001 while other phase(s) of the same common plan of development or sale may not be eligible and would require an individual SPDES permit.

2025 CGP walk through

○ 2025 CGP – Part I.A. Eligibility Requirements (p. 5-8)

• Part I.A.1. – soil disturbance:

1. The *owner's or operator's construction activities* involve soil disturbances of:

- a. one or more acres; or
- b. less than one acre which are part of a *common plan of development or sale* that will ultimately disturb one or more acres; or
- c. less than one acre where NYSDEC has determined that a SPDES permit is required for *stormwater discharges* based on the potential for contribution to a violation of a *water quality standard* or for significant contribution of pollutants to *surface waters of the State*.
 - i. 5,000 square feet or more, but less than one acre, and are in the New York City Watershed located east of the Hudson River, Appendix C Figure 1; or
 - ii. 20,000 square feet or more, but less than one acre, within the municipal boundaries of the City of New York (NYC); or
 - iii. less than 20,000 square feet which are part of a *common plan of development or sale* that will ultimately disturb 20,000 square feet or more, but less than one acre, within the municipal boundaries of NYC; or
 - iv. that creates 5,000 square feet or more of *impervious area* within the municipal boundaries of NYC.

Key Point!

Owner/operator that meets Part I.A.1. must obtain either:

- CGP coverage
- an individual SPDES permit

Note: Part I.A.1.c.ii., iii., and iv. are new in GP-0-25-001 (see the Fact Sheet and Responsiveness Summary for further information).

2025 CGP walk through

- 2025 CGP – Part I.A. Eligibility Requirements (p. 5-8)

- Part I.A.2.

2. *Discharges from the owner's or operator's construction activities are/were not:*

- a. already covered by a different SPDES permit; or
- b. covered under a different SPDES permit that was denied, terminated, or revoked; or
- c. identified in an expired individual SPDES permit that was not renewed; or
- d. required to obtain an individual SPDES permit or another general SPDES permit in accordance with Part VII.K.

- Part I.A.3.

3. *If construction activities may adversely affect a species that is endangered or threatened, the owner or operator must obtain a:*

- a. permit issued pursuant to 6 NYCRR Part 182 for the project; or
- b. letter issued by NYSDEC of non-jurisdiction pursuant to 6 NYCRR Part 182 for the project.

2025 CGP walk through

○ 2025 CGP – Part I.A. Eligibility Requirements (p. 5-8)

• Part I.A.4.

4. If construction activities have the potential to affect an *historic property*, the owner or operator must obtain one of the following:

i.e. documentation – Part I.A.4.a., b., c., or d.

For more SHPA information, see the CGP webpage, <https://dec.ny.gov/environmental-protection/water/water-quality/stormwater/construction-activity-permit>:

- Multiple eligibility requirements must be met in accordance with Part I.A. of the [Permit Document](#). For example, one eligibility requirement is State Historic Preservation Act (SHPA) Eligibility:
 - DEC and NYS Office of Parks, Recreation and Historic Preservation (OPRHP) have developed a process that an owner/operator of construction project shall use to identify and address potential impacts on archeological and historic resources. This process is documented in a Letter of Resolution (LOR) that was developed between the Department and OPRHP.
 - Construction activities that have the potential to affect historic and/or archeological resources would not be eligible for coverage under the general permit unless the screening and consultation process specified in the LOR has been completed and the required documentation demonstrating that potential impacts have been avoided or mitigated is obtained and maintained on site as required by the general permit (see Part I.F.8.). This documentation must be in place in order to complete and submit the eNOI. Owners or operators should refer to the following documents for guidance on addressing this eligibility provision:
 - [Letter of Resolution \(LOR\) \(PDF\)](#) including all the attachments included in the PDF document
 - [Project exclusions Under 9 NYCRR Sections 428.12/428.13](#)
 - [SHPA Review \(OPRHP/DEC\) request form \(PDF\)](#)
 - [Cultural Resource Screening Process Flow Chart \(PDF\)](#)
 - [Resolution of Potential Cultural Impacts Flow Chart \(PDF\)](#)

2025 CGP walk through

○ 2025 CGP – Part I.A. Eligibility Requirements (p. 5-8)

- Part I.A.5. 5. If *construction activities* are subject to SEQR, the *owner or operator* must obtain documentation that SEQR has been satisfied.

For more information about the State Environmental Quality Review Act (SEQRA):

<https://dec.ny.gov/regulatory/permits-licenses/seqr>

Note: Part I.A.5. as an eligibility requirement is new in GP-0-25-001 (it was previously an authorization requirement in GP-0-20-001).

- Part I.A.6. 6. If *construction activities* are not subject to SEQR, but subject to the equivalent environmental review from another New York State or federal agency, the *owner or operator* must obtain documentation that project review, pursuant to a process equivalent to SEQR from another New York State or federal agency, has been satisfied.

Fact Sheet Part I.A.6.

- Part I.A.6. in GP-0-25-001 was added to complement Part I.A.5. This complement was needed to address construction activities that are not subject to SEQR but are subject to the equivalent from another New York State or federal agency. For example, the equivalent from another New York State agency could be Certificates of Environmental Compatibility and Public Need from the Department of Public Service.

2025 CGP walk through

- 2025 CGP – Part I.A. Eligibility Requirements (p. 5-8)

- Part I.A.7.

7. If *construction activities* require Uniform Procedures Act (UPA) Permits (see 6 NYCRR Part 621) from NYSDEC, or the equivalent from another New York State or federal agency, the *owner or operator* must:

- a. obtain all such necessary permits; or
- b. receive notification from NYSDEC pursuant to 6 NYCRR 621.3(a)(4) excepting Part I.A.7.a.

Note: Part I.A.7. as an eligibility requirement is new in GP-0-25-001 (it was previously an authorization requirement in GP-0-20-001).

2025 CGP walk through

○ 2025 CGP – Part I.A. Eligibility Requirements (p. 5-8)

• Part I.A.8.

8. *Construction activities* are not eligible if they meet the following criteria in Part I.A.8.a. or b.:

a. For linear transportation and linear utility project types, the *construction activities*:

- i. are within the watershed of *surface waters of the State* classified as AA or AA-S identified utilizing the Stormwater Interactive Map on NYSDEC's website; and
- ii. are undertaken on land with no existing *impervious cover*; and
- iii. disturb two or more acres of *steep slope*.

b. For all other project types, the *construction activities*:

- i. are within the watershed of *surface waters of the State* classified as AA or AA-S identified utilizing the Stormwater Interactive Map on NYSDEC's website; and
- ii. are undertaken on land with no existing *impervious cover*; and
- iii. disturb one or more acres of *steep slope*.

To be not eligible under Part I.A.8.a., all three of Part I.A.8.a.i., ii., and iii. must be met.

The same concept applies to Part I.A.8.b.

Reminder: see Appendix A for definitions of italicized terms, such as “*steep slope*”.

2025 CGP walk through

- 2025 CGP – Part I.B. Types of *Discharges* Authorized (p. 9-10)

- Part I.B.1.

- 1. The following *stormwater discharges* are authorized under this permit:

- a. *Stormwater discharges*, including *stormwater runoff*, *snowmelt runoff*, and *surface runoff and drainage*, associated with *construction activity*, are authorized under this permit provided that appropriate *stormwater controls* are designed, installed, and maintained in accordance with Part II. and Part III.

- b. *Stormwater discharges* from construction support activities at the *construction site* (including concrete or asphalt batch plants, equipment staging yards, material storage areas, excavated material disposal areas, and borrow areas) if the following requirements are met:

- i. The support activity is directly related to the *construction site* required to have permit coverage for *stormwater discharges*; and

- ii. The support activity is not a commercial operation, nor does it serve multiple unrelated *construction sites*; and

- iii. The support activity does not continue to operate beyond the completion of the *construction activity* at the site it supports; and

- iv. *Stormwater controls* are implemented in accordance with Part II. and Part III. for *discharges* from the support activity areas.

The only discharges authorized by GP-0-25-001 are those listed in Part I.B.

2025 CGP walk through

- 2025 CGP – Part I.B. Types of *Discharges* Authorized (p. 9-10)

- Part I.B.2.
 - 2. The following non-stormwater discharges associated with construction activity are authorized under this permit:
 - a. Non-stormwater discharges listed in 6 NYCRR 750-1.2(a)(29)(vi), with the following exception: “Discharges from firefighting activities are authorized only when the firefighting activities are emergencies/unplanned”; and
 - b. Non-stormwater discharges of waters to which other components have not been added that are used in accordance with the SWPPP to control dust or irrigate vegetation in stabilized areas; and
 - c. Uncontaminated discharges from dewatering operations
- Part I.B.3.
 - 3. Authorized discharges of stormwater or authorized discharges of non-stormwater, commingled with a discharge authorized by a different SPDES permit and/or a discharge that does not require SPDES permit authorization, are also authorized under this permit.

The only discharges authorized by GP-0-25-001 are those listed in Part I.B.

2025 CGP walk through

- 2025 CGP – Part I.C. Prohibited *Discharges* (p. 10)

- Part I.C. **C. Prohibited *Discharges***

1. *Non-stormwater discharges* prohibited under this permit include but are not limited to:
 - a. Wastewater from washout of concrete; and
 - b. Wastewater from washout and cleanout of stucco, paint, form release oils, curing compounds, and other construction materials; and
 - c. Fuels, oils, or other *pollutants* used in vehicle and equipment operation and maintenance; and
 - d. Soaps, solvents, or detergents used in vehicle and equipment washing or external building washdown; and
 - e. Toxic or hazardous substances from a spill or other release.

Note: Part I.C. is not an exhaustive list. Again, the only discharges authorized by GP-0-25-001 are those listed in Part I.B.

2025 CGP walk through

- 2025 CGP – Part I.D. Electronic Notice of Intent (eNOI) Submittal (p. 10-14)

- Part I.D. D. Electronic Notice of Intent (eNOI) Submittal

To receive authorization in accordance with Part I.D.3.b., the *owner or operator* must submit a complete eNOI in accordance with the requirements in Part I.D. The eNOI contains questions to: ensure eligibility requirements in Part I.A. have been met; obtain *owner or operator* contact information; obtain the total area to be disturbed and the existing/future *impervious areas* (rounded to the nearest tenth of an acre); confirm *Traditional Land Use Control MS4 Operator* jurisdiction over construction projects; satisfy the EPA eRule requirements; confirm that the Water Quality-Based Effluent Limitations in Part II. have been met; demonstrate consideration of the future risks due to climate change in accordance with Part III.A.2.; and confirm that the other *Stormwater Pollution Prevention Plan (SWPPP)* requirements in Part III. have been met.

This describes what information the eNOI requests.

2025 CGP walk through

○ 2025 CGP – Part I.D. Electronic Notice of Intent (eNOI) Submittal (p. 10-14)

• Part I.D.1.

1. An eNOI may be submitted for:
 - a. *construction activities* that are not part of a *common plan of development or sale*; or
 - b. an entire *common plan of development or sale*; or
 - c. separate *phase(s)* of a *common plan of development or sale* if the following requirements are met:
 - i. the *common plan of development or sale* meets the eligibility requirements of Part I.A.5. or 6.; and
 - ii. the *phase(s)* meet(s) all other eligibility requirements of Part I.A.; and
 - iii. Part III.C. Required *SWPPP* Components by Project Type is based on the *common plan of development or sale*, not the *phase(s)*; or
 - d. *tree clearing* that is associated with, or will support, a *renewable energy* generation, transmission, or storage project that meets Part I.A.5. and 6., if the *tree clearing*:
 - i. meets all other eligibility requirements of Part I.A.; and
 - ii. will occur in NYSDEC's Regions 3-9; and
 - iii. is not within ¼ mile of a bat hibernaculum protected pursuant to 6 NYCRR Part 182; and
 - iv. will occur between November 1st and March 31st.

An eNOI may only be submitted for one of these four options (Part I.D.1.a., b., c., or d.)

Note: Part I.D.1.d. is new in GP-0-25-001. See the Fact Sheet and Responsiveness Summary for further information.

2025 CGP walk through

- 2025 CGP – Part I.D. Electronic Notice of Intent (eNOI) Submittal (p. 10-14)

- Part I.D.2.

2. As prerequisites for submitting an eNOI, the *owner or operator* must:

a. prepare a *SWPPP* for Part I.D.1.a., b., c., or d. in accordance with Part III.; and

b. based on the following criteria, upload the following signature forms signed in accordance with Part VII.J. to the eNOI prior to submission:

i. for all eNOIs:

1. the *SWPPP* Preparer Certification Form, Appendix F, signed by the *SWPPP* preparer; and

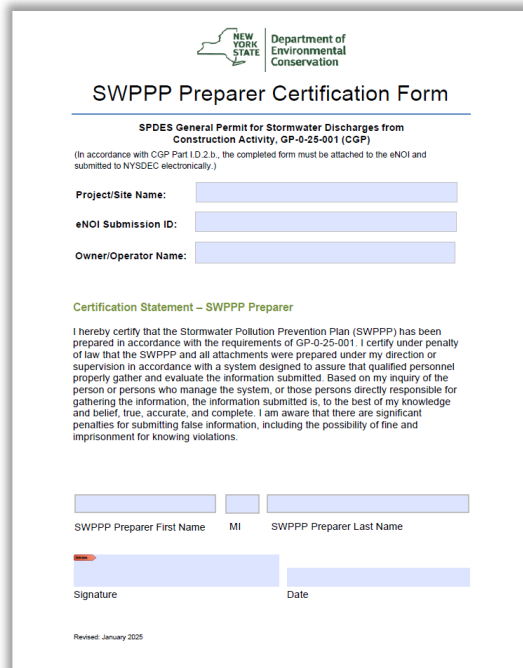

2. the Owner/Operator Certification Form, Appendix J, signed by the *owner or operator*; and

Always required before eNOI submission:

- *SWPPP* that meets Part III. requirements
- *SWPPP* Preparer Certification Form
- Owner/Operator Certification Form

Submission HQA-ZZDN-R4EDQ Revision 1 Form Version 1.3

Eligibility

Disturbance Threshold

1. Will the construction activity involve soil disturbances listed in Part I.A.1 of GP-0-25-001?
* 0-25-001?

Yes
 No

Other SPDES Permits

2. Will the discharge from the construction activity meet all conditions listed in Part I.A.2 of GP-0-25-001?
* Part I.A.2 of GP-0-25-001?

Yes
 No

Threatened and Endangered Species

3. Will the construction activity potentially adversely affect a species that is endangered or threatened per Part I.A.3.?
* endangered or threatened per Part I.A.3.?

Yes

The GP-0-25-001 eNOI has numerous sections with many required fields.

If information is entered into the eNOI indicating ineligibility, the eNOI cannot be submitted.

2025 CGP walk through

- 2025 CGP – Part I.D. Electronic Notice of Intent (eNOI) Submittal (p. 10-14)
 - Part I.D.3.b. *b. The owner or operator is authorized to commence construction activity as of the authorization date indicated in the Letter of Authorization (LOA), which is sent by NYSDEC after a complete eNOI is submitted.*

AMANDA LEFTON Acting Commissioner

March 10, 2025

RE: Letter of Authorization (LOA) for Coverage Under
SPDES General Permit for Stormwater Discharges from Construction Activity (CGP)
General Permit No. GP-0-25-001

Dear Owner or Operator,

The New York State Department of Environmental Conservation (NYSDEC) received a complete electronic Notice of Intent (eNOI) for coverage under GP-0-25-001 for construction activities located at:

Project Name: [REDACTED]
Project Address: [REDACTED] Project County: Broome

Through submission of the eNOI on March 10, 2025, the owner or operator certified that the eligibility requirements in Part I.A. of GP-0-25-001 have been met, where required.

As a reminder, the owner or operator must meet the requirements in Part I.E.6. of GP-0-25-001 prior to disturbing greater than five acres of soil at any one time. Further, this LOA is not the permit document. The owner or operator is required to comply with all requirements in GP-0-25-001, which is accessible on NYSDEC's website: dec.ny.gov

The project is authorized to commence construction activity in accordance with Part I.D.3.b. of GP-0-25-001 as follows:

- Project Name: [REDACTED]
- eNOI Submission ID: [REDACTED]
- Date authorized to commence construction activity: March 10, 2025

Note that the NYSDEC SPDES Permit Identification No. (SPDES Permit ID) for this project will be sent in a separate correspondence. Also, please be advised there is an annual regulatory fee of \$110, which is billed by NYSDEC in the late fall. The regulatory fee covers a period of one calendar year. In addition, there is an initial authorization fee of \$110 per acre of land disturbed and \$675 per acre of future impervious area. The initial authorization fee covers the duration of the authorized disturbance.

If there are any questions regarding the requirements in GP-0-25-001, please contact me.

Sincerely,
John Muttersbaugh
John Muttersbaugh
Assistant Engineer

Division of Water, Bureau of Water Permits

← Note: the SPDES Permit ID will be sent separately.

2025 CGP walk through

- 2025 CGP – Part I.D. Electronic Notice of Intent (eNOI) Submittal (p. 10-14)
 - Part I.D.3.b. *b. The owner or operator is authorized to commence construction activity as of the authorization date indicated in the Letter of Authorization (LOA), which is sent by NYSDEC after a complete eNOI is submitted.*

Fact Sheet Part I.D.3.b.:

- Part I.D.3.b. in GP-0-25-001 replaces the former process from Part II.C. in GP-0-20-001. Under Part II.C. in GP-0-20-001, receipt of the NOI Letter of Acknowledgement was not required for authorization to discharge. NYSDEC simply sent out the NOI Letter of Acknowledgement as a courtesy documenting NYSDEC's receipt of a complete eNOI. To eliminate confusion as to when an owner or operator is authorized to discharge, Part I.D.3.b. in GP-0-25-001 states that the controlling authorization date is indicated in the LOA.

Note: the LOA is new in GP-0-25-001, replacing the GP-0-20-001 Letter of Acknowledgment.

2025 CGP walk through

- 2025 CGP – Part I.D. Electronic Notice of Intent (eNOI) Submittal (p. 10-14)
 - Part I.D.3.b.
 - b. *The owner or operator is authorized to commence construction activity as of the authorization date indicated in the Letter of Authorization (LOA), which is sent by NYSDEC after a complete eNOI is submitted.*

Fact Sheet Part I.D.3.b.:

- Part II.C.3. in GP-0-20-001 included timelines for authorization to discharge of five business days or 60 business days after receipt of a complete NOI, depending on the situation. Now, in Part I.D.3.b. of GP-0-25-001, the controlling authorization date is indicated in the LOA.
 - GP-0-25-001 now requires submission of an eNOI in accordance with Part I.D.3.a., which allows NYSDEC to automate LOA issuance electronically, therefore eliminating the need for the five-business day timeline. Obtaining coverage under GP-0-25-001, like GP-0-20-001, is a self-certifying process. A false certification would not provide authorization to discharge even if NYSDEC issues a LOA based on the false certification. The technology platform used to receive eNOIs for GP-0-25-001 will only allow “complete eNOIs” to be submitted with certification from the owner or operator asserting that all requirements of GP-0-25-001 have been met. Further, owners or operators may use

Key Point!

Obtaining CGP coverage is a self-certifying process.

A false certification does not provide authorization, even if a LOA is issued.

Note: new in GP-0-25-001, most authorization is immediate (the GP-0-20-001 five-day timeline is eliminated)

2025 CGP walk through

- 2025 CGP – Part I.D. Electronic Notice of Intent (eNOI) Submittal (p. 10-14)
 - Part I.D.3.b.i.
 - i. If an eNOI is received for a SWPPP that deviates from one of the technical standards but demonstrates *equivalence* in accordance with Part III.B.1.a.ii. or Part III.B.2.b.ii., if the

Fact Sheet Part I.D.3.b.i.:

- Part I.D.3.b.i. in GP-0-25-001 maintains the 60 business day authorization timeline for owners or operators if both of the following apply: 1) where there is deviation from the New York State Standards and Specifications for Erosion and Sediment Control, dated November 2016 (Blue Book) and/or the New York State Stormwater Management Design Manual, dated July 31, 2024 (2024 Design Manual), the SWPPP demonstrates equivalence in accordance with Part III.B.1.a.ii. or Part III.B.2.b.ii. and 2) a Traditional Land Use Control MS4 Operator does not have review authority in accordance with Part I.D.2.b.ii.1.

The 60-business day timeline is still in place to provide NYSDEC time to review a SWPPP demonstrating equivalence when a Traditional Land Use Control MS4 Operator does not have review authority. When a Traditional Land Use Control MS4 Operator has review authority, the Traditional Land Use Control MS4 Operator will review all SWPPPs, so an extended timeline is not necessary in this case.

GP-0-25-001 maintains the 60-business day timeline that GP-0-20-001 had if applicable.

2025 CGP walk through

- 2025 CGP – Part I.D. Electronic Notice of Intent (eNOI) Submittal (p. 10-14)

- Part I.D.3.c.
 - c. If *Traditional Land Use Control MS4 Operator(s)* have review authority in accordance with Part I.D.2.b.ii.2., the *owner or operator* must, within five business days of receipt of the LOA, send an electronic copy of the LOA to the *Traditional Land Use Control MS4 Operator(s)* with review authority.

Note: this requirement is new in GP-0-25-001 as part of the new LOA process.

2025 CGP walk through

- 2025 CGP – Part I.E. General Requirements for *Owners or Operators* with Permit Coverage (p. 14-17)
 - Once coverage under the CGP is obtained, Part I.E. requirements apply.
 - See GP-0-25-001 for all the Part I.E. Requirements.
 - See the Fact Sheet and Responsiveness Summary for more information.
 - A few to highlight:
 - Part I.E.2.
 - Part I.E.6.
 - Part I.E.9.

2025 CGP walk through

- 2025 CGP – Part I.E. General Requirements for *Owners or Operators* with Permit Coverage (p. 14-17)
 - Part I.E.2. - **edited for clarity**: comply with all CGP requirements and implement SWPPP until (1) final stabilization and (2) termination.
 - Part I.E.6. - **new process**: requirements prior to disturbing greater than five acres of soil at any one time.
 - Part I.E.9. - **consolidated requirements**: describes the administrative process for updating the eNOI when any information previously submitted in the eNOI changes.

2025 CGP walk through

- 2025 CGP – Part I.F. Permit Coverage for *Discharges* Authorized Under GP-0-20-001 (p. 18)
 - Part I.F. includes a **new process** for obtaining continued coverage under GP-0-25-001 with an interim coverage period of 45 calendar days.
 - The deadline to submit a Request to Continue Coverage (RCC) form was 30 calendar days of the effective date of GP-0-25-001.
 - Part I.F.5.: if a RCC form is not submitted, coverage under GP-0-25-001 is automatically terminated after interim coverage expires.

For more information on the **new process in GP-0-25-001 Part I.F.**, see the Fact Sheet and Responsiveness Summary.

2025 CGP walk through

- 2025 CGP – Part I.G. Change of *Owner or Operator* (p. 19)
 - Part I.G. in GP-0-25-001 identifies the process to change the owner or operator.
 - Part I.G. in GP-0-25-001 had changes made (compared to GP-0-20-001) to more clearly address different scenarios of either a partial transfer of ownership or a full transfer of ownership.

For more information about
GP-0-25-001 Part I.G.,
see the Fact Sheet and
Responsiveness Summary.

 - Part III.B.2.b.iii.
 - Part III.C.

2025 CGP walk through

○ 2025 CGP – Part III. Stormwater Pollution Prevention Plan (SWPPP) (p. 28-37)

• Part III.A.2.

2. The *SWPPP* must demonstrate consideration in narrative format of the future physical risks due to climate change pursuant to the Community Risk and Resiliency Act (CRRRA), 6 NYCRR Part 490, and associated guidance.

a. The owner or operator must consider:

i. the following physical risks due to climate change:

- (i) increasing temperature; and
- (ii) increasing precipitation; and
- (iii) increasing variability in precipitation, including chance of drought; and
- (iv) increasing frequency and severity of flooding; and
- (v) rising sea level; and
- (vi) increasing storm surge; and
- (vii) shifting ecology.

ii. for each of the following:

- (i) overall site planning; and
- (ii) location, elevation, and sizing of:
 - a. control measures and practices; and
 - b. conveyance system(s); and
 - c. detention system(s).

• **New: consideration in narrative format of future physical risks due to climate change.**

• For further information, see the Fact Sheet and Responsiveness Summary.

2025 CGP walk through

- 2025 CGP – Part III. Stormwater Pollution Prevention Plan (SWPPP) (p. 28-37)
 - Part III.A.5.d.
 - d. to document the final construction conditions in an as-built drawing.
 - **Clarification:** as-built drawing required.
 - Fact Sheet Part III.A.5.d.
 - Part III.A.5.d. in GP-0-25-001 added “in an as-built drawing” at the end of the sentence to clarify the format which must be used to meet the requirement. Consistent with Part III.A.5. in GP-0-25-001 requiring that construction drawings must be kept current in the SWPPP, if the site was built according to the SWPPP design drawing, that design drawing may be used to create the as-built drawing.

2025 CGP walk through

- 2025 CGP – Part III. Stormwater Pollution Prevention Plan (SWPPP) (p. 28-37)
 - Part III.B.1.c.ii.: **new:** site map requires “north arrows” and “receiving surface water(s)”.
 - Part III.B.1.c.iv.: **new/clarified:** phasing plan and sequencing plan(s) required.
 - See GP-0-25-001 for the full requirements.
 - For further information, see the Fact Sheet and Responsiveness Summary.

2025 CGP walk through

- 2025 CGP – Part III. Stormwater Pollution Prevention Plan (SWPPP) (p. 28-37)
 - Part III.B.2.b.iii.: **new:** transition period for use of 2015 Design Manual if certain conditions are met.
 - See GP-0-25-001 for the full requirements.
 - For further information, see the Fact Sheet and Responsiveness Summary.

2025 CGP walk through

- 2025 CGP – Part III. Stormwater Pollution Prevention Plan (SWPPP) (p. 28-37)

- Part III.C. C. Required SWPPP Components by Project Type

Owners or operators of construction activities, identified in Table 1 of Appendix B, are required to prepare a SWPPP that only includes erosion and sediment control practices designed in accordance with Part III.B.1. Owners or operators of the construction activities, identified in Table 2 of Appendix B, must prepare a SWPPP that also includes SMPs designed in accordance with Part III.B.2 or 3.

Important!

New paragraph

For the entire area of disturbance, including the entire *common plan of development or sale* if applicable, the owner or operator must evaluate every bullet from Appendix B Table 1 and Table 2 separately. If bullets from both Table 1 and Table 2 apply, the SWPPP must include erosion and sediment control practices for all *construction activities* but SMPs for only those portions of the *construction activities* that fall under Table 2 bullet(s).

- For further information, see the Fact Sheet and Responsiveness Summary.

Key Point!

Part I.A.1. determines if CGP coverage is needed.

To obtain CGP coverage, a SWPPP is required (Part I.D.2.a.).

Part III.C. and Appendix B Tables 1 and 2 determine which SWPPP components are required.

RE: Letter of Termination (LOT)
SPDES General Permit for Stormwater Discharges from Construction Activity (CGP)
General Permit No. GP-0-25-001

Dear Owner or Operator,

The New York State Department of Environmental Conservation received a complete electronic Notice of Termination (eNOT) for termination of coverage under GP-0-25-001 for construction activities located at:

Project Name: [REDACTED]
Project Address: [REDACTED] Project County: Rensselaer

Through submission of the eNOT on March 10, 2025, the owner or operator certified that the requirements in Part V. of GP-0-25-001 have been met, where required.

Your coverage is terminated in accordance with Part V.A.5.a. of GP-0-25-001 as follows:

- Project Name: [REDACTED]
- SPDES Permit ID: [REDACTED]
- Termination Date: March 10, 2025

If there are any questions regarding this LOT, please contact me.

Sincerely,
John Muthersbaugh

APPENDIX C – Watersheds Requiring Enhanced Phosphorus Removal

Watersheds where *owners or operators of construction activities* identified in Table 2 of Appendix B must prepare a *SWPPP* that includes *SMPs* designed in conformance with the *Enhanced Phosphorus Removal Standards* included in the *DM technical standard*.

- See also GP-0-25-001 Part III.B.3.:
 3. *Enhanced Phosphorus Removal Standards* - The *owner or operator of construction activity* identified in Table 2 of Appendix B that is located in a watershed identified in Appendix C must prepare a *SWPPP* that includes *SMPs* designed in conformance with the applicable *sizing criteria* in Part II.C.2.b., c., or d. and the *performance criteria* *Enhanced Phosphorus Removal Standards* included in the *DM*. At a minimum, the *SMP* component of the *SWPPP* must meet the requirements of Part III.B.2.

2025 CGP walk through

- 2025 CGP – Appendix D – Impaired Waterbodies (by Construction Related Pollutants) (p. 74-79)
 - Appendix D maintains the list of waterbodies impaired by pollutants related to construction activity in table format. **The list has been updated** based on “The Final New York State 2018 Section 303(d) List of Impaired Waters Requiring a TMDL” dated June 2020 (NYS 2018 Section 303(d) List).

County	Waterbody	Pollutant
Albany	Ann Lee (Shakers) Pond, Stump Pond (1201-0096)	Phosphorus
Albany	Lawsons Lake (1301-0235)	Phosphorus
Allegany	Amity Lake, Saunders Pond (0403-0054)	Phosphorus
Allegany	Andover Pond (0403-0056)	Phosphorus
Bronx	Reservoir No.1/Lake Isle (1702-0075)	Phosphorus
Bronx	Van Cortlandt Lake (1702-0008)	Phosphorus
Broome	Blueberry, Laurel Lakes (1404-0033)	Phosphorus
Broome	Fly Pond, Deer Lake (1404-0038)	Phosphorus
Broome	Minor Tribs to Lower Susquehanna (0603-0044)	Phosphorus
Broome	Whitney Point Lake/Reservoir (0602-0004)	Phosphorus
Cattaraugus	Allegheny River/Reservoir (0201-0023)	Phosphorus
Cattaraugus	Beaver Lake/Alma Pond (0201-0073)	Phosphorus

2025 CGP walk through

- 2025 CGP – Appendix E – List of NYSDEC Regional Offices (p. 80)
 - Appendix E: **updated** addresses and telephone numbers as needed.

<u>Region</u>	<u>COVERING THE FOLLOWING COUNTIES:</u>	<u>DIVISION OF ENVIRONMENTAL PERMITS (DEP) PERMIT ADMINISTRATORS</u>	<u>DIVISION OF WATER (DOW) WATER (SPDES) PROGRAM</u>
1	NASSAU AND SUFFOLK	50 CIRCLE ROAD STONY BROOK, NY 11790 TEL. (631) 444-0365	50 CIRCLE ROAD STONY BROOK, NY 11790-3409 TEL. (631) 444-0405
2	BRONX, KINGS, NEW YORK, QUEENS AND RICHMOND	1 HUNTERS POINT PLAZA, 47-40 21ST ST. LONG ISLAND CITY, NY 11101-5407 TEL. (718) 482-4997	1 HUNTERS POINT PLAZA, 47-40 21ST ST. LONG ISLAND CITY, NY 11101-5407 TEL. (718) 482-4933
3	DUTCHESS, ORANGE, PUTNAM, ROCKLAND, SULLIVAN, ULSTER	21 SOUTH PUTT CORNERS ROAD NEW PALTZ, NY 12561-1696	220 WHITE PLAINS ROAD, SUITE 110

2025 CGP walk through

- 2025 CGP – Appendices F, G, H, I, and J
 - Appendices F, G, H, I, and J, are **new**, and were addressed earlier:
 - Appendix F – SWPPP Preparer Certification Form
 - Appendix G – MS4 SWPPP Acceptance Form
 - Appendix H – NYCDEP SWPPP Acceptance/Approval Form
 - Appendix I – MS4 No Jurisdiction Form
 - Appendix J – Owner/Operator Certification Form

2025 CGP walk through

- 2025 CGP – Frequent Questions – Modification Needed
 - Part I.D.3.b.i. – clarification.
 - Part I.E.6.b.iii. – typo correction.
 - Appendix B Table 2 – clarification to a specific bullet.

2025 CGP walk through

- 2025 CGP – Frequent Questions – Modification Needed
 - Part I.D.3.b.i. – clarification.
 - The intent of GP-0-25-001 Part I.D.3.b.i.: the 60 day review only applies to a deviation from one or both of the technical standards when there is not MS4 SWPPP review and acceptance (which is consistent with the former CGP iteration, GP-0-20-001).
 - See the GP-0-25-001 Fact Sheet, Page 12
 - See the GP-0-25-001 Responsiveness Summary, Comment/Response #47

2025 CGP walk through

- 2025 CGP – Frequent Questions – Modification Needed
 - Part I.E.6.b.iii. – typo correction.
 - This incorrectly references Part III.B.1.d.
 - Correct reference: Part III.B.1.c.iv.

2025 CGP walk through

- 2025 CGP – Frequent Questions – Modification Needed
 - Appendix B Table 2 – clarification to a specific bullet.
 - The clarifying language “that involves soil disturbance of one (1) or more acres of land” needs to be added to the following Table 2 bullet:

• Single-family home located in one of the watersheds listed in Appendix C or *directly discharging* to one of the 303(d) segments listed in Appendix D

- FYI, the following Table 1 bullet is correct:

The following *construction activities* that involve soil disturbances between five thousand (5000) square feet and one (1) acre of land:

- All construction activities located in the New York City Watershed located east of the Hudson River, see Appendix C Figure 1, that involve soil disturbances between five thousand (5,000) square feet and one (1) acre of land.

“Read the CGP (including definitions), its Fact Sheet, and its Responsiveness Summary, section by section, to understand the requirements.”

Section 3 Summary

Topics Covered – Three Sections

Did you “receive a fish”? Or “learn to fish”?
